

Antibacterial HAND WIPES

SHIELD

Keeping hands clean is more important than ever. When you don't have access to soap and water, Shield Antibacterial Hand Wipes will do the job. Our dual-action cleaning and sanitizing hand wipes are gentle on skin and tough on bacteria.

Shield Antibacterial Hand Wipes are a generous 5.9" x 7.9" (15.0 cm x 20.0 cm) for extra-messy hands. Our formula is alcohol-free and dermatologically tested to be safe, gentle and won't dry your hands out. They clean and sanitize at the same time, so they are perfect for messy hands when you can't get to a sink. The light, fresh scent dissipates quickly as hands dry.

Ideal for:

- Hand cleaning and sanitizing without soap and water
- Medical environments
- Schools
- Offices
- Homes

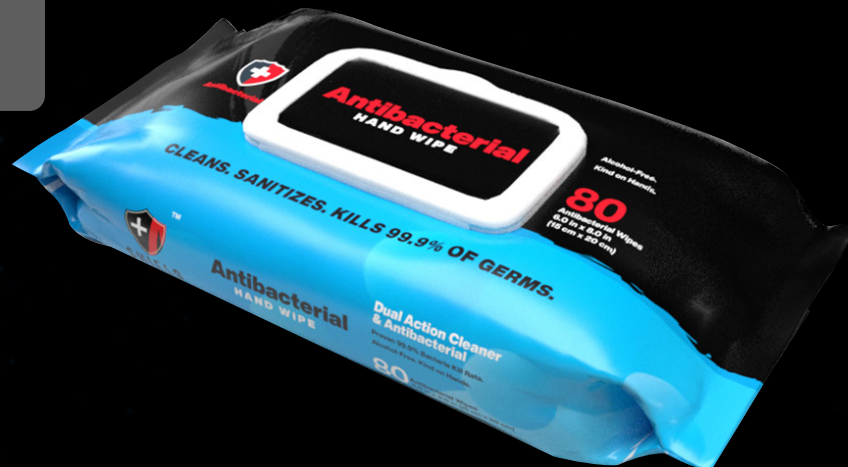

Product Specifications:
